

Renewed Hope Trust

The Renewed Hope Trust exists to show our deep concern for the homeless and disadvantaged in the East Surrey area. In an atmosphere of unconditional love and compassion we seek to offer acceptance and respect to all.

With the help of volunteers and gifts from all over the local area, from mid-December to early March we operate an emergency Floating Winter Night Shelter and an all year round Drop-In in the centre of Redhill. Through this work, we provide practical support such as food, shelter, clothing, healthcare, assistance finding employment and training as well as building relationships, listening and caring.
